---

Thanks Meredith. We'll keep you up to date with developments at our end.

Have a great weekend  
Marion

Hi Marion - we haven't sent the labeling to all the registrants yet. The main letter to all of them is targeted to go out this coming Thursday, Aug. 15. Currently the draft letter gives them 30 days to revise their labels and get them in to us for our review.

Meredith

Thanks Meredith. Have you indicated yet to registrants when they have to have revised labelling in place?

Marion

Subject: "Final" Neonics label language

Hi Marion:

Please find attached our "final" bee labeling for the neonicotinoid products. We are sending it to the main companies (Bayer, Syngenta, Mitsui and Valent) today for a quick look, and are asking for their thoughts by COB Monday.

As before, there are 2 documents, one is the Pollinator Protection Box, the other is the text for the Directions for Use.

Have a nice weekend -

Meredith
